What I know is that the case is scheduled to be in first session on Wed. Dec. 16, and we could be sent to a trial session on that day. If I had to guess, I would think that we would not necessarily need you on that day, but maybe the next day? A little up in the air. Do you and/or Nicole have cell phones I could call you on, and let you know the status on that day?

Thanks. Marcia

Hi Marcia,

Could you please let me know if this trial is still going forward and if you still need Nicole and I to testify?

Thanks,

Hi Marcia,

I was the confirmatory chemist and Nicole was the primary chemist. The questions for the confirmatory work are pretty much the same...I have attached a copy of the questions.

Thanks,

This defendant does not want to plead guilty. This case is now scheduled to begin on December 16, 2009. Should only be a two-day trial. The defendant is in custody and really wants his trial, so it may well go on that day.

Kate – Many thanks for the questions you sent me to ask you. They are very helpful!

Nicole – Are you the chemist that did the confirmatory work? Do you have any questions that I can ask you on that point?

Many thanks.
